

Why New Skin Activator®

- Women and men can begin to notice age-revealing, fine lines and wrinkles in their skin as early as their twenties.
- Skin thickness, texture and natural moisture content are different around your eyes and on your face, lips, neck and chest/cleavage. Each area requires specific treatment in order to obtain the most effective results.
- Skin imperfections you see today are often the result of damage done as long as a decade ago.

Key Benefits

- Minimizes the appearance of fine lines and wrinkles.*
- Collagen-building Glucosamine Complex aids hydration and firms skin.*
- Visibly increases luminosity and clarity and improves skin smoothness.*
- Perfect for all skin types.
- For men and women.

Skin Activator® Anti-aging

Day Lotion SPF 15
Light, nourishing lotion that hydrates while it blocks harmful UVA/UVB rays to help smooth and clarify your skin.

Décolletage Cream
Smoothing and refining cream for thin skin in the neck, chest and cleavage.

Lip Refiner SPF 15
Plumping and softening cream that also minimizes the appearance of fine lines and provides important UVA/UVB protection.

Eye Cream
Super rich, protective gel-cream steeps the delicate eye area in hydration with firming agents to tighten skin.

Nighttime Replenishing Cream
Rich and moisturizing, this cream minimizes the appearance of fine lines and wrinkles revealing smoother, clearer and more luminous skin.
(same formula as original Skin Activator®)

How does Skin Activator® fit with your existing skincare regimen?

- Continue to use some of the NouriFusion® products except for three.
- Simply upgrade to the Day Lotion SPF 15, Nighttime Replenishing Cream and Eye Cream in the Skin Activator® line if the signs of aging are a concern.
- Complete and enhance your skincare routine with Skin Activator® Lip Refiner SPF 15 and Décolletage Cream.
